# Who founded the WFNN?

- Agnes Marshall- also the founder of the AANN, an inspired American nurse with a vision of introducing professional neuroscience nursing across the world.

# How do you become a member?

- You are already a member. Your neuroscience nursing association already pays your yearly membership dues to the WFNN.

# What is the WFNN Mission?

- encourage and facilitate interaction among neuroscience nurses throughout the world
- aid exchange and dissemination of knowledge and ideas in the field of neuroscience nursing
- foster the highest standards for patient care in the neuroscience care setting
- promote growth in the specialized area of neuroscience nursing
- encourage nursing research and development in neuroscience nursing and para-nursing areas; and
- encourage establishment of neuroscience nursing societies
